Dear Florence,

I am glad you liked the hanky and card. I am feeling fine.

I didn't like Templeton Junior High School at first but now it is alright. It's too big I always got lost in it. The haven't been going to school for two weeks because of the snow and cold weather. It's a little more than two feet of snow, it rained a little yesterday but now it is snowing hard. The are going back to school on Monday.

I went <sup>ice</sup> skating Jan. 24 and Jan. 25. It rained a little and snowed a lot on Jan. 25. On Jan. 27 I went to Lost Lagoon and on Monday I went to Beaver Lake about a mile away from Lost Lagoon.

When is your birthday? Mine is on Feb.

9. Do you know when Aiko Natanabe's is?

Have you received any letters from her. I sent a card and a hanky and asked her to write but she hasn't. If you have received letters from her ask her to write to me too.

Have you had ~~yet~~ your tests for Feb. report we haven't because we haven't been to school. I guess we will have them when we come back to school.

I have a few of the kids in my room from Hastings School.

Has Dorothy Smith wrote to you. The girl you gave the pencil to.

It hasn't been as cold here as it has been there it was only once below zero here and that was 2 below zero. A lady phoned in and told the paper but they didn't put it in the paper.

I think the reason they didn't put it in the paper was because just the day before it was 4 above and they said that was the coldest in 34 years. There has been snow on the ground ~~since~~ <sup>since</sup> ~~since~~ about Jan. 18. we went to school then and the next day we only went till 10 o'clock. and then we stayed home until Jan. Feb. 1. When we go back we will go cooking, ~~+~~ since we go to school until now we have gone sewing and we made an apron, cap and belt with a pocket on the apron.

I got a permit on Jan. 5. the second day of school lots of kids have been getting permits since school started because before Christmas all the grownups were having them now its the kids turn

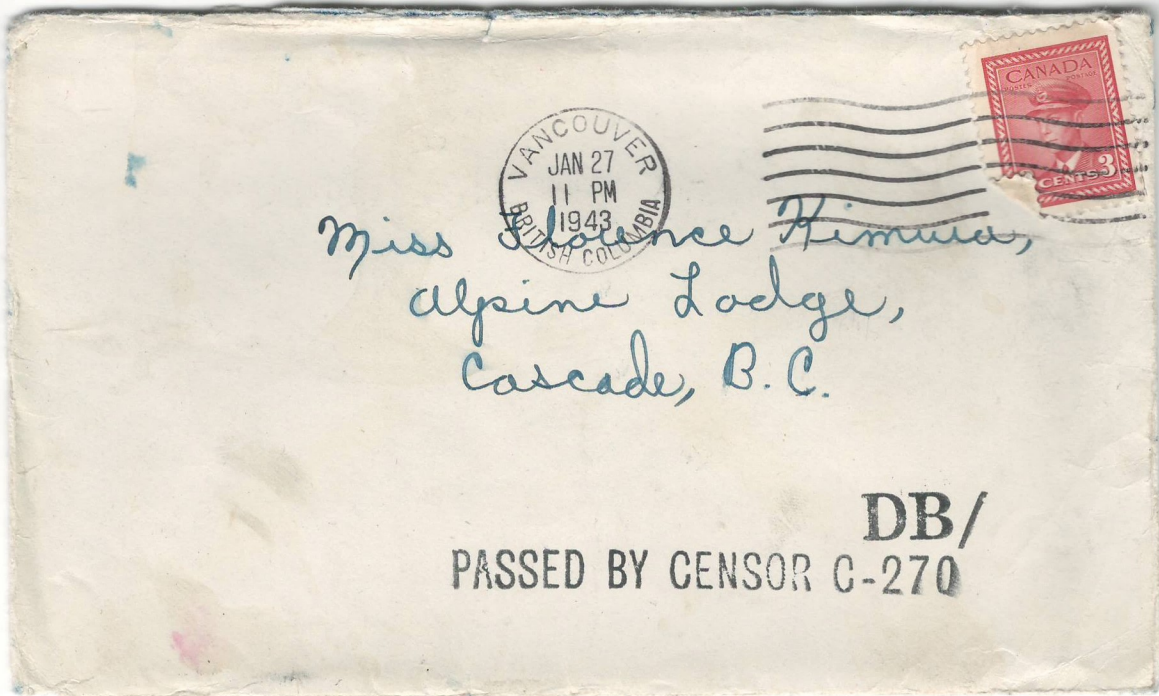

The reason we havn't been going to school is the traffic is too slow and the cars are too crowded. When you want to get a street car you have to wait an hour.

Do you still write letters to your Pen Pal in England? I am going to write a letter to-day I havn't been writing any because I havn't received a letter for the five I wrote to him. He received a card from all the pen pals, they all wrote their name on it.

If Joan Bernard receives any for you but she hadnt any yet. I think she will send them if your pen pal doesnt know your address.

Its still snowing and I think I will close now because I don't know any thing else to put in.

Yours sincerely,  
Adyne Geo.
